

Sr.No	Hall No.	Stall No.	Participant Name	Website	Product Category	Product/Services
1	HALL - 7A	15	ROYALS ENTERPRISES	www.royalsent.com	MANUFACTURING FOUNDRY SAND TESTING EQUIPMENTS.	MFG. FOUNDRY SAND TESTING EQUIPMENTS.
2	HALL - 7A	4A	RINKU INDUSTRIES	-		Silica Sand Manufacturer & Mining.
3	HALL - 7A	21	SWARA ENTERPRISE	www.scalewatcherindia.com	INDUSTRIAL SUPPLIER	Scale Watcher (USA) Electronic Water Conditioner, Air cooled & Water Chiller Manufacturer & Service All Type of Heat Exchanger Manufacturer, Blast Freezer with Upto - 80 C' Temp.
4	HALL - 7A	1	APIDOR ABRASIVE PRODUCTS PRIVATE LIMITED	www.apidorabrasive.in	INDUSTRIAL MACHINERY MANUFACTURING	"Resin Bonded Wheels / Abrasives Coated Abrasives APIDOR PRODUCTS "
5	HALL - 7A	2	URJA THERMAL SOLUTION		HEATING TECHNOLOGY	Electric Control Panel, Heating Element, Heating Module, Heating Furnace, Furnace Chamber, Heat Insulated Door and Wall Heating Furnace System
6	HALL - 7A	20	ANMOL CAST INDUSTRIES	www.anmolcast.com	MANUFACTURER OF CASTINGS FOR MACHINE TOOLS	Bowl Castings For Pressure Pump Of NTPC
7	HALL - 7A	P-7	KASTWEL FOUNDRIES	www.kastwel.com	MANUFACTURERS AND SUPPLIER OF ALUMINIUM ALLOY	Manufacturers and suppliers of FeSiMg, NiMg, Inoculants, Aluminium Alloy, Sorelmetal, Carburisers, Slag Removers, Sand. Representing; Rio Tinto Iron & Titanium Pte for Sorelmetal, Progelta S.r.l., Italy for In-stream Inoculation Devices.
8	HALL - 7A	P-1	ENGITECH INDIA		HAND TOOLS & MACHINE TOOLS	Hand Tools, Milling Machine & Bore Well Drilling Machine
9	HALL - 7A	4	ESI SOFTWARE INDIA PRIVATE LIMITED	www.esi-group.com	SOFTWARE COMPANY	Simulation allows for virtual testing early on in the development stage. Accurate Prediction and quantification of defects and Process design are imperative in order to get it right during productive trials. With ESI ProCast you can cast your parts right the first time, every time - meeting your deadlines and never wasting money on scrap parts or late redesigns. For decades, customers have relied upon ProCAST as their go-to tool for the casting basics - filling, solidification, and porosity prediction. With its finite element technology, it also predicts complex issues like deformations and residual stresses and comprehensively addresses most castable alloys and most casting processes like sand castings, die castings, investment castings, and multiple variants associated with these processes.
10	HALL - 7A	13	SHYAM ENERGY SOLUTIONS	www.shyamenergy.in
