10th India machine Tools Show

15 to 18 MAY 2025

YASHOBHOOMI CONVENTION CENTRE
DWARKA, NEW DELHI

TECHNOLOGY FOR GLOBAL MANUFACTURING

Amidst the rapid technological transformation of Indian manufacturing, this biennial exhibition showcases the latest advancements in the tools of production from foreign and Indian capital goods & engineering industries.

This helps Indian manufacturing adopt world-class technology that is required to fulfill the burgeoning domestic and international demand for reliable, large-scale production of goods with competitive international quality and cost.

It serves the Indian capital goods & engineering industry showcase its own innovations and indigenization, witness world-class foreign technology and learn more about the requirements of Indian manufacturing going forward.

Finally, it also serves policy makers from

 500+ Exhibitors	 14 Countries
 40,000 sq. m. Exhibition Area	 50,000+ Visitors
 2500+ Products	 250 Delegates

the government and governing industrial bodies gain valuable insight.

As a platform facilitating the meeting and interaction of all stakeholders over a four-day period, the trade show helps shape the course of Indian manufacturing and industrial progress.

With a track record of 9 editions in the Indian capital over the last 18 years featuring more than 2000 exhibitors from more than 15 countries and over 3 lakh visitors from diverse industries, this trade show has proved to be a significant catalyst for industrial progress.

The exhibition focuses on participation from the large Indian MSME sector.

Besides machine tools and automation,

it also encompasses a host of other industrial products essential to the manufacturing sector.

Previous nine editions of the trade show witnessed increasing attendance of high caliber exhibitors and visitors from India and abroad.

All stakeholders warmly testified to substantial and lasting business outcomes.

This 10th edition, primed for greater success, is fittingly being held at a new venue being developed by the Government of India to represent the ethos of a nation working to gain its rightful place as one of the top three global economies.

Exhibition Ground, Opp. New Jamnagar, Jamnagar Dwarka Highway, Jamnagar

Jamnagar famously known as the Brass City is a modern, environmentally sound global hub of the brass recycling & manufacturing integral to the supply chain of many industries across the world.

With an annual production estimated to be worth about USD 3 billion, in terms of the sheer number of manufacturing units, Jamnagar tops the list of international brass hubs.

Jointly Organized by

This international showcase of a global brass hub will open new markets across diverse industrial sectors and geographies for the 5000+ brass industries here. It will also bring to the region, world-class manufacturing tools & technologies.

SHOWCASE OF A GLOBAL BRASS HUB

- Bathroom Fittings
- Building Hardware
- Valve & Connectors
- Gas Parts
- Sarota
- Fasteners
- Electrical & Earthing Accessories
- Pipe Fittings
- Agricultural Fittings
- Inserts, Bushes & Battery Terminals
- Bicycle & Auto Tube Parts
- Ingots, Billets, Extrusion Rods, Pipes & Wires
- And much more.

CUTTING-EDGE MANUFACTURING TECHNOLOGY FOR A GLOBAL BRASS HUB

- Machine Tools Cutting & Forming
- Laser Machineries & Equipment
- Additive Manufacturing - 3D Printing
- Precision Tools
- Power Tools &, Hand Tools
- Robotics & Automation
- Electronics & Electricals
- Machine Tools Accessories
- Storage & Logistics
- Industrial Lubricants
- Material Handling Equipment
- ITES (Software, CAD-CAM)
- Hydraulics & Penumatics
- Air Compressor
- Pumps & Valves
- Testing & Measuring Instruments
- Welding Equipment & Consumables
- Castings & Forgings Machinery
- Gears, Motors & Drives
- Surface Finishing & Blasting
- Tube & Pipe Technology
- Newly Launched Products & Technology
- Industrial Safety
- Industrial Supplies
- And much more.

VISITING INDUSTRIES

- Agriculture and Allied Industries
- Auto Components
- Automobiles
- Aviation
