10th India machine Tools Show

15 to 18 MAY 2025

YASHOBHOOMI CONVENTION CENTRE
DWARKA, NEW DELHI

PROJECTIONS

500+ Exhibitors	14 Countries
40,000 sq. m. Exhibition Area	50,000+ Visitors
2500+ Products	250 Delegates

SPECIAL FOCUS

Laser & Welding technology,
Castings & Foundries, Brass Parts

EXCLUSIVE DISPLAY

Robotics, Automation & Metrology

TECHNOLOGY FOR GLOBAL MANUFACTURING

- Machine Tools Cutting & Forming
- Laser Machineries & Equipment
- Machine Tools Accessories
- ITES (Software, CAD-CAM)
- Robotics & Automation
- Surface Finishing & Blasting
- Additive Manufacturing – 3D Printing
- Welding Equipment & Consumables
- Metrology
- Tube & Pipe Technology
- Testing & Measuring Instruments
- Electronics & Electricals
- Precision Tools, Hand Tools & Power Tools
- Brass Parts
- Hydraulics & Penumatics
- Storage & Logistics
- Air Compressor
- Industrial Lubricants
- Material Handling Equipment
- Forging Machinery
- Pumps & Valves
- Foundry Equipment & Supplies
- Gears, Motors & Drives
- Industrial Safety
- Industrial Supplies
- Newly Launched Products & Technology

REVISITING

9th India Machine Tools Show

18 to 21 May 2023,
Pragati Maidan, New Delhi

Honourable Union Minister of Heavy Industries Dr. Mahendra Nath Pandey and Mr. Saurabh Sanyal CEO and Secretary General of PHDCCI inaugurated the 9th edition of India Machine Tools Show 2023.

BUYER SELLER MEET

16 Delegates from Tanzania, Mali, Mozambique, Benin, Ivory Coast, Burkina and Faso.

22 Delegates from Bangladesh

PRODUCT SHOWCASE OF 10TH INDIA MACHINE TOOLS SHOW

SHEET METAL MACHINERY

We are one of the leading manufacturers of sheet metal machinery such as CNC Hydraulic Press Brake, CNC Tandem Press brake, Guillotine Shearing Machine, Hydraulic Presses and Hydraulic Iron Workers. A 62 years old ISO 9001-2000 company and have the most modern machine manufacturing facility. Which consists of Mecof Elga Mills up to 8 Meters Length, WMW table borers and CNC Turning centers to name a few. We have cranes for handling machinery up to 60 ton with more than 150 employees in the company and in house manufacturing facilities.

TOOL ROOM MACHINES

We are a well-established distributor of machine tool and solution since 2011.

Under the direction of our mentor Mr. Rahul Kumar are creating a long list of clients. Also owing to his knowledge, Commitment, Skill and Ethical Business Strategies. We have able to achieve a renowned position in the market.

- A wide range of all tool room machines (MILLING MACHINE, LATHE MACHINE, RADIAL DRILL, DRILL MACHINE, TAPPING MACHINE, CNC WIRECUT, EDM DRILL, ZNC SPARK, and LASER MARKING & CNC LATHE.
- OUR MACHINE IS THE BEST CLASS
- WIDE PRODUCT RANGE
- POSITIVE RECORDS
- COMPETITIVE PRICES
- PROMPT DELIVERY

ADVANCED FIBER & CO2 LASER SYSTEMS

Since 2010, under the visionary leadership of Mr. Manish Malhotra, Chirag International has established itself as a vanguard in laser technology. Specializing in advanced fiber and CO2 laser systems, Ci Laser provides pivotal marking, cutting, and welding solutions across diverse sectors including aerospace, automotive, medical, and construction. Committed to engineering excellence, Chirag International delivers bespoke, cutting-edge solutions, empowering industries to achieve unparalleled precision and efficiency. Visit us at Hall 02 Stall P-16B for a demonstration of our transformative technologies.

EXHIBITOR TESTIMONIALS

Mr. Mohan Shandilya, Sales Manager
BODOR LASER INDIA PVT LTD

Here we have displayed a 30 KW sheet cutting machine - the highest power machine in India! We have also displayed pipe cutting machine for 230 mm diameter. We have introduced Scan Cutting Technology to 100% avoid reflection of the laser which is very useful for the cutting of non-ferrous metals like copper, aluminum and brass. We have received a very good response from IMTOS and over the last three days we have booked around 15 orders and have got very good inquiries also!

Mr. Maulik Patel, Executive Director
SAHAJANAND LASER
TECHNOLOGIES LIMITED

SLTL Group is 34 years old and one of the fastest growing laser innovating company. We provide solutions with laser in the processes of marking, engraving, cutting, welding, micro-drilling etc. We are the first one to innovate the fiber laser cutting technology. Today, we work towards enhancing the ease of using our machine and whoever has come here has been delighted with the multiple features we have introduced. We have participated in every edition of IMTOS. It is one of the most happening shows you know. We keep on booking orders in IMTOS and this year also, we have quite a good number of orders. We always get quality people in and most of the people who come at this show come with a clear knowledge of what they want to discuss, what they really want and what they want to buy. It is a very good platform to showcase our capabilities!

Mr. Rajesh Sharma, Managing Director
IPG PHOTONICS (INDIA) PVT LTD

Our core competence is Laser as a source. We have put the entire family of laser source in our product range. Our high power (12 KW) AMB Lasers cater mainly to the EV market, the YLR and YLS lasers are mainly used in cutting and low power applications. We are the pioneers in Fibre Lasers and have gone up to 100 KW power! Also displayed is a light weld and hand held welding machine for not only MS, SS and Aluminium but also reflective materials like Copper, Brass and even Titanium. The IMTOS show is quite good. The customer's footfall is largely regional and even as the show is nearing its end, the volume of people keeps increasing! It's a really a good experience and we look forward to strong business with this. We also look forward to this show in future.

Mr. Kuntesh Radadiya, General Manager
SAHAJANAND TECHNOLOGIES PVT LTD

STPL is a 30 years old company manufacturing laser cutting machines. Today we are showcasing our 3D printing technology solutions for different plastics like ABS, Nylon and Carbon Fibre. These are in demand in industries like Automotive, Home Appliances, Engineering, Casting etc. In IMTOS, we got very good response in all the last three days.

Mr. Rohit Shah, Director &
Mr. Jatin Shah, Director
BHAVYA MACHINE TOOLS

We are based at Ahmedabad and our company deals in Tool Room machinery, Sheet Metal machinery and re-sharpening machinery. Our experience in this exhibition has been very good. We have seen a lot of crowd at our stall and we expect a good deal of conversion and business from this exhibition. We thank K and D Communication and IMTOS for giving us this opportunity to take part in this exhibition.

Mr. Nilesh Patel, General Manager Sales -
North India & Encoders India
RENISHAW METROLOGY SYSTEMS LTD

RENISHAW is a 50 years old U.K. based company and a world leader in the metrology field. In IMTOS, we are displaying different metrology solutions in manufacturing processes in the field of CNC Machines. We have versatile gauging solutions, sophisticated probes to control in process measurements as well as a product line to calibrate CNC Machines at the point of assembling them. In position metrology we have different kinds of encoders for applications in electric vehicles, XY stages, CNC Machine Tools and Robotics. IMTOS is a very good platform and the response in this show is very good. We have met more than 300 different customers from various industrial segments from Delhi, NCR and Punjab in the last three days!

Mr. Sumit Sadhya,
General Marketing Manager
HMT MACHINE TOOLS LIMITED

Here in IMTOS, we have exhibited our latest CNC machine, Manipulator, Dairy Machines, and even our Watches also. We had a very wonderful experience in IMTOS! We have got very good response for all the products - CNC machine, Dairy machinery and Watches also! The arrangement made by IMTOS was fantastic! From the day 1 we had not faced any problem. We are really very thankful and in the coming days we will have stronger partnership with K and D.

EXHIBITOR TESTIMONIALS

Mr. Rahul Sharma, Manager – Sales
HINDUSTAN HYDRAULICS PVT LTD

In this IMTOS exhibition, we are showcasing our CNC Fiber laser cutting machine and introducing new series of CNC press brake machine - Hawk, which offers up to 70% energy savings compared to conventional machines during idle conditions. Being situated in the North, we enjoy a strong customer base, making exhibitions like IMTOS invaluable for interacting with customers, gathering feedback, and better understanding their needs. In all, it has been a very good exhibition and we plan to bring in more new things in the next exhibition. It was a great show by K and D!

Mr. P K Bhatia,
Vice President - Marketing
PMT MACHINES LIMITED

We have exhibited CNC turning machine, CNC linear tooling machine with automation and single spindle automatic lathe. We also manufacture other state-of-the-art machine tools like vertical turning lathes, large CNC lathes, CNC internal grinding machines and CNC external grinding machines. The response in this exhibition has been excellent. All the visitors were much focused and we have received number of genuine inquiries and we are expecting a lot of business out of inquiries generated from this exhibition. We are thankful to K and D for arranging this kind of successful show!

Mr. Sharad Avasthi, Proprietor
SHARDA ENGINEERS

We have displayed three machines here. First is a non-metal laser cutting machine which can cut MDF Acrylic up to 6 KW - the samples made with this 150 watt machine is generating lot of crowd here! We have also displayed very specialized samples of this machine like heavy duty girder and square tube. Second is a laser welding machine of 1.5 KW. Third is one of the fastest tube laser cutting machines in the world. All three machines were sold on first day first hour itself! All three machines are going from here straight to the customer's place! So, this was a good exhibition for us. It has given us good footfall and good work for next one year or so. This is a good exhibition that I recommend to all Machine Tools manufacturers for good footfall and good attention of the market. Thanks to the organizer and all concerned for this very successful exhibition.

Mr. Shailesh Mehta, Director
MEHTA HITECH INDUSTRIES LIMITED

In this IMTOS we have displayed a 12 KW machine, our 1.5 KW machine and 3 KW machine with rotary attachment. We have also shown the Fibre laser welding machine, Fibre laser cleaning machine and Fibre laser marking machine. While K and D's ENGIMACH is a very well established brand, in IMTOS also we found very good footfall and a lot of people have come from Rajasthan, Delhi/NCR, UP and Punjab. I think it is worth and we are happy with our participation in this show! I am sure increased promotion will bring even more footfall!

Himanshu Prajapati,
Sales Head – India
MAXPHOTONICS COMPANY LIMITED

Our company is manufacturing Fibre Laser Source and in IMTOS we are launching some new products! We have a new cutting head for 10 to 20 KW and we have also launched here our new welding machine with power range from 800 watt to 1.5 KW. This machine has some special advantages like it is air-cooled. We are launching first time here and we are getting very good response! The K and D Team are very supportive. We are seeing very great response from customers. We met so many buyers and we also met our some old customers and some old friends, distributors and some manufacturers also. So we find very good opportunities in IMTOS right now. Thank you!

Mr. Adnan Bearingwala, Director
LUNA TECHNOLOGIES PRIVATE LIMITED

Luna Technologies is a one-stop solution for all automation and mechatronic products. At this exhibition we have displayed all spindle bearings and all high precision bearings used for machine tools. TPI is one of the best brands for precision bearings in the world. The factory is in Taiwan. The USP of these products is that they are extremely customized for the customer's application; they work at extremely high speeds and with very high reliability. We have a very good customer base already in India and IMTOS gives us a very good platform for interacting and meeting our clientele. We are associated with IMTOS since almost 10 to 12 years - since the time it started! The visitors are much focused and form a very niche clientele. Most of the exhibitions organized by K and D Communication are fantastic platforms to showcase our products. We have had a very good journey together in the past and we will continue doing so in the future as well. I think IMTOS will continue to grow and so will our association with IMTOS and K and D!

**TRADE FAIR FOR CONSTRUCTION MACHINERY & VEHICLES,
BUILDING MATERIAL MACHINES & MINING MACHINES**

Gujarat's largest construction trade fair connects the massive infrastructure projects and the construction industry in Gujarat and western India with the latest global construction technology.

The joint efforts of organizers K and D Communication Limited, Messe Muenchen India Private Limited and Gujarat Contractors Association was extremely well received by all stakeholders of the construction industry in Gujarat and India. Following a resoundingly successful inaugural edition, the second edition of the trade show is primed for greater success.

Glimpses from the Inaugural Edition

Inaugurated by **Shri Bhupendrabhai Patel**, Chief Minister of Gujarat, **Shri Rushikeshbhai Patel**, Minister of Health & Family Welfare, Medical Education, Higher and Technical Education, Law & Justice - Gujarat & **Shri Kuverjibhai Bavaliya**, Cabinet Minister for Water Resources and Water Supply, Food, Civil Supply & Consumer Protection Affairs -Gujarat.

**BRING TO YOU
THE ENTIRE TEXTILES VALUE CHAIN IN ONE MEGA EVENT**

11 - 12 - 13 - 14 MAY 2025 | Helipad Exhibition Centre, Gandhinagar

farmtofashion.co.in | itmach.com | [in](#) [f](#) [@](#)

5th ITMACH INDIA is the premier destination to witness the latest advancements in textile machinery. With participation from over 10 countries in its previous editions, ITMACH India has been instrumental in stimulating the growth of India's textile industry. The exhibition brings together leading manufacturers, technology experts, and thought leaders, offering opportunities to discover new markets, forge alliances, and gain industry intelligence.

3rd FARM to FASHION showcases all aspects of the textile industry – from raw materials and weaving to technical textiles, sustainability, and fashion innovation. Central to the event is the 5F Framework, encompassing every phase of the textile journey: Farm, Fiber, Fabric, Fashion, and Future. By integrating these stages, Farm to Fashion provides attendees with a holistic understanding of the textile ecosystem, attracting industry leaders, manufacturers, designers, tech experts, sustainability advocates, and consumers.

Organized by the esteemed Maskati Cloth Market Association, FABEXA serves as the pinnacle of fabric sourcing expos. Based in Gujarat's vibrant textile hub, the exhibition showcases the best of the industry, drawing upon the region's rich heritage and innovation. Fabexa provides an expansive platform for global buyers to converge, explore diverse textiles and fabrics, and forecast their business strategies.
